Subject: Vendor Rate Increase for Adult Day Health

Effective for dates of service on and after July 1, 2002, the Medical Assistance Administration (MAA) will implement a legislatively appropriated one and one-half (1.5) percent vendor rate increase.

Maximum Allowable Fees

The 2001-2003 Biennium Appropriations Act authorizes this one and one-half (1.5) percent vendor rate increase for MAA fee-for-service programs.

Attached are updated replacement pages 13-14 for MAA's Adult Day Health Billing Instructions, dated April 2000. To obtain this fee schedule electronically, go to MAA's website at <http://maa.dshs.wa.gov> (click on the Provider Publications/Fee Schedules link).

Resumption of services

- A new intake is not necessary when a person returns to an ADH provider after a break in service.
- In the event there is a break in service delivery, the ADH provider will obtain a current medical report from the client's attending physician. The multidisciplinary team will then re-evaluate and adjust the most recent service plan to reflect the client's current needs.

Note: An update of information would be appropriate regardless of the reason for the break in service (e.g., client hospitalization; vacation; temporary change in living status; etc.).

Fee Schedule

Use the following state-unique procedure codes, as appropriate, when billing for Adult Day Health (Level II) services. Send your HCFA-1500 claim forms to the MAA address listed in the Important Contacts section.

The maximum allowable amounts listed below are predetermined and do not include transportation. Certified providers must arrange for transportation for Title XIX clients with the contracted MAA transportation brokers, provide the transportation themselves, or utilize other options.
